

DIALYSIS SOCIETY TRAINING DAY

Hands-On Dialysis

Practical skills across all three dialysis modalities
for trainees and senior nursing staff

DATE
16 Nov 2026

TIME
09:30 - 17:00

VENUE
**Fresenius
Medical Care,
Huthwaite, Notts**

Live machine rotations across in-centre HD, home HD, and PD — then case-based workshops on the clinical challenges you face in practice.

MORNING — MACHINE ROTATIONS

IN-CENTRE HD

Machine Circuit & Alarms

HDF, BVM, sodium profiling,
hands-on with Fresenius
machines

HOME HD

**Low-Flow & Nocturnal
HD**

Prescribing, practical setup,
conventional vs nocturnal

PD

**PET, APD &
Prescribing**

Adequacy, PD bag types,
amending prescriptions

AFTERNOON — CASE-BASED WORKSHOPS

WORKSHOP 1

**Managing
Complications**

Symptom control,
haemodynamic instability,
volume management

WORKSHOP 2

**Managing a Dialysis
Clinic**

Peritonitis, membrane failure,
transitioning patients

WORKSHOP 3

**Home Therapy
Programme**

Non-adherence, patient
monitoring, access

"Excellent event — covered
lots of things missed in my
training. Practical, hands-on
and pitched at exactly the
right level."

4.75 **100%**
OVERALL / 5 WOULD RECOMMEND

"Covered all types of
dialysis, content aimed at
the right level for
understanding."

"Very useful, practical
information on dialysis that's
transferable to my practice
and learning."
